ENJOY THE FREEDOM OF THE CITY!

Their contents are priceless, but entry to Dublin's top museums and galleries is free. That means you could skip from bog bodies at the National Museum of Ireland - Archaeology to canvases by Caravaggio and Jack B Yeats at the National Gallery. You could check out four centuries of furnishings at the National Museum of Ireland - Decorative Arts and History, before visiting Francis Bacon's reconstructed studio at Dublin City Gallery The Hugh Lane. Seven thousand items were meticulously transplanted here from Reece Mews in London, including books, brushes and several pairs of corduroy trousers. "I feel at home here in this chaos", Bacon once quipped. It's a world of riches that won't cost you a cent!

CONQUER THE COAST!

With so much to do in the City Centre, it's easy to forget that Dublin is a city by the sea and Dublin Bay is an adventurer's paradise! Get pumped up before a night on the town - or head there the morning after, to help in your recovery! Roll with the waves in a kayak in Dalkey with Kayaking.ie and if you are feeling brave, why not take a dip in the famous Forty Foot in nearby Sandycove. Try out kite surfing in Clontarf with Pure Magic, who will allow you experience the heart-stopping thrills of being pulled along the water by nothing more than a kite! Take a hike around the Hill of Howth and soak up amazing views of Bull Island and Dublin's coastline before heading back down to the village where you'll find some of the freshest seafood in Dublin in any one of the lively restaurants that line the Howth quayside. Dublin Bay even has its own resident dolphins. How many capital cities can say that?

DISCOVER DUBLIN'S STORIES

Start your journey with Dublin Discovery Trails, a series of self-guided walking trails, extending from Kilmainham Gaol through to Trinity College and up to Parnell Square. From Dublin's glorious Viking origins to the havoc caused by the 1916 Rising, let magical tales of the city's colourful past weave their spell as you wander from trail to trail with the Dublin Discovery Trails app, free to download.

Or have a booze-soaked history lesson and do a Literary Pub Crawl which takes you from the Duke pub through the cobbled square of Trinity College and into several pubs in a maze of narrow streets.

POP INTO A PUB

There's not much to say about Dublin pubs that hasn't already been said! These trusty little tabernacles are famous for their creamy pints, cosy snugs and quick-witted craic. Think of Mulligan's, Kehoe's, Toner's or McDaid's, all dripping with character, all dotted about the city like time machines.

"In Dublin, you're never more than 20 paces from a pint," author, JP Dunleavy, once said. But today, yesterday's pints of plain are deliciously diverse. Gastropubs do great grub; hotel bars are shaking up the cocktail scene; quality music, wine and coffee are mixing it up with flip-out fun in Temple Bar.

Whatever your taste, there's a Dublin pub for you.

Dublin A Breath of Fresh Air

ON YOUR BIKE!

Get yourself some wheels and see Dublin in style! Hop on a Coca-Cola Zero Dublin bike and whizz your way around the city's hotspots. If you prefer a guided tour there are plenty of bike tour providers in Dublin; See Dublin by Bike, Dublin City Bike Tours and if you feel a little lazy there's always Lazy Bike Tours who will provide you with an electric bike so you won't have to work up too much of a sweat. If city centre cycling is not adventurous enough for you, why not try some mountain biking? With muck in your face, fire in your belly and nothing on your mind but making the bend...welcome to Ticknock Mountain Bike Trail courtesy of the guys at Biking.ie; a short and sweet 8km loop stitched into the Dublin Mountains, this rollercoaster ride of hairpin bends, wicked boulders and technical rocky bits is just a 30 minute trip from the city centre. Once you get to the top, the views of Dublin City are sensational.

PLAY KING OF THE CASTLE

If castles and cathedrals are your thing Dublin has you covered. Take Malahide Castle, home to an amazing banqueting hall, a mischievous ghost named Puck and one of the best playgrounds in the country. Then there is Dublin Castle, dating from 1204 AD and still central to the affairs of the nation. A tour of the State Apartments and Medieval Undercroft is essential here, but don't miss the Chester Beatty Library and its excellent Silk Road café, with Middle Eastern, North African, Mediterranean and vegetarian dishes. Dublin is also home to some beautiful cathedrals, two within a short walk of each other - St. Patrick's, where author and satirist, Jonathan Swift, famously served as Dean and Christ Church, a chandelier of a building containing the bones of Strongbow. St. Mary's Pro-Cathedral serves as the pro-cathedral of the Roman Catholic Archdiocese of Dublin.

BROWSE THE CITY OF WORDS

Dublin is a UNESCO City of Literature. The words of Nobel laureates like Yeats, Shaw, Beckett and Heaney echo in its streets. Statues of writers stand in parks; their names have been given to bridges. Visitors can celebrate Joyce's Bloomsday and see the Book of Kells at Trinity College.

Literary Dublin is even one of Patricia Shultz's 1,000 Places to See Before you Die. Contemporary writers like Joseph O'Connor, Anne Enright and Paul Murray, continue to carry the flame, as indeed, do Dubliners themselves, every time they utter the immortal greeting: 'What's the story?'

AND FOR SOMETHING DIFFERENT..!

Dublin is full of wacky and different things to do. Go underground and meet Tom and Jerry, the mummified cat and rat buried in the fascinating medieval crypt of Christ Church Cathedral! It is also home to the heart of St. Laurence O'Toole, the patron saint of Dublin. Take in an art house movie, or maybe some food and drink at the Irish Film Institute, based in the 17th century Quaker meeting house in Temple Bar. And did you know, St. Valentine's remains lie in a casket in Whitefriar Street Church? Come and pay homage to this loveliest of saints.

For a terrifying high, visit the sacred seat of Irish Gaelic games, Croke Park Stadium and literally get a bird's eye view of the city, 44 meters high, on the Etihad Skyline Tour. When you come back down to earth, slow it down and get up close and personal with majestic birds (of the feathered variety) on a Hawk Walk at Dublin Falconry in Balbriggan.

DUBLIN'S TOWNS & VILLAGES

Dublin City Villages

Dublin is a city of villages. You can haggle for a vintage treasure in Dublin's Antique Quarter, scuba dive from Howth Pier and grab a gourmet coffee in Ranelagh all within the same day, all within the same city. These distinct villages are connected by the winding streets, cobbled laneways and flowing waterways that make up the veins and arteries of this city. Read on for some of Dublin City's most vibrant villages!

SMITHFIELD

Centred around the newly developed market square on the North side of the River Liffey, Smithfield is where old Dublin tradition meets creativity. Bars like Frank Ryan's and Dice, tiptoe between the traditional and the hip, making Smithfield perfect for drinking in the culture. Take a walk across the central market square from Jameson Distillery Bow Street and you'll find the Lighthouse Cinema — voted by ArtInfo as one of the coolest cinemas in the world - that specialises in showcasing the best Irish and international films. The Cobblestone Pub stands as the authentic face of Irish trad sessions. This heady mix of Old Dublin charm and New Dublin cool, makes Smithfield the perfect place to go if you want to see what a city's creative revival looks like.

STONEYBATTER

Located just next to Smithfield, Stoneybatter is Dublin's original inner-city urban village. It stands as one of the last bastions of Old Dublin, meaning long cherished traditions and customs and a strong community spirit are central to life here. It is currently home to screen-printers, gallery spaces, an internationally-renowned independent publishing house, bookshop and a recording studio.

This tradition of local craftsmanship and creativity is fostered in this area with spaces like the Stoneybatter Guild providing places for independent artists and crafters to sell their wares and pass on their skills.

L. Mulligan Grocer is its culinary hub, combining Irish cuisine with impressive selections of craft beers and spirits.

RANELAGH

Ranelagh is Dublin's original village. Over the last century, as the city grew larger and its borders grew, it was adopted into the fabric of the city. Currently a haven for foodies and coffee connoisseurs, the original small-town feeling of this village has not been lost. Craft butchers and traditional bakeries still lie nestled amongst European style coffee houses and an array of enticing restaurants.

Worth investigating are Dillinger's Restaurant and its sister venture the Butcher Grill, Cinnamon Food Emporium and best-kept coffee secret, Nick's Coffee Company. The village's mix of youth and tradition creates a unique, effortlessly cool atmosphere that's just a couple of tram stops from the city centre.

DUBLIN'S TOWNS & VILLAGES

LIBERTIES

Francis Street, one of the oldest areas in Dublin, is traditionally an antiques and art quarter. Many of the shops and galleries are family-run institutions. This vibrant area attracts a steady stream of young artists and designers from the nearby National College of Art and Design.

This mix of influences and aesthetics is played out on the myriad of shop fronts and art spaces that line the street. Contemporary art galleries and spaces like Pallas Studios, Cross Gallery and the NCAD Gallery, rub shoulders with the likes of the Iveagh Gallery, which houses a collection of 19th and 20th Century paintings and sculptures.

Also, here you'll find the Dublin Food Co-op, which hosts an array of Sunday markets. www.libertiesdublin.ie

PORTOBELLO

Portobello runs along the edge of Dublin's picturesque Grand Canal bridging the gap between Rathmines and the popular Camden Street area.

The old Jewish Quarter is café territory, with top tea experts Wall & Keogh, traditional bagel-makers the Bretzel and sweet-tooth ticklers the Cake Café, all finding their homes in its streets. Its restaurant scene is equally busy.

Portobello's most famous son is the playwright, George Bernard Shaw, born on Synge Street, in 1856. The Bernard Shaw pub includes an outdoor garden and a bus that serves pizza and some excellent cocktails and beers.

Malahide beach and coastal walk offer miles of beautiful rugged coastline, stunning views of Lambay Island, the Howth Peninsula and Dublin Bay.

SANDYCOVE

This seaside suburb is located around a pleasant harbour and has a famous Martello tower (now home to the James Joyce Museum) where the writer James Joyce once stayed for six nights as a guest of Oliver St John Gogarty. The opening scene of Joyce's Ulysses is set here. The famous Forty Foot bathing spot is just beside the tower, where - if you are brave enough - you can have a dip all year round.

SANDYMOUNT

Just 3km south east of Dublin City Centre, the main draw of the area is Sandymount Strand, which featured in two episodes of James Joyce's Ulysses. The perfect place for a languid stroll, with the 19th century Baths and Martello tower offering interesting viewpoints. The beautiful Great South Wall walk is challenging. Luckily the village is brimming with cafés and pubs to warm up in afterwards!

BRIDGES OF DUBLIN / RIVER LIFFEY

Dublin lies on the River Liffey, the very river the Vikings sailed up in 837 to set up camp. Each of the many bridges that span the river has its own history and style; many of the names reflect the city's long history. The Ha'penny Bridge is Dublin's oldest pedestrian crossing over the River Liffey. It was erected in 1816 as the Wellington Bridge and it acquired its better known nickname from the halfpenny toll, levied on all users of the bridge up to 1919. It is one of the earliest cast-iron structures of its kind. O'Connell Bridge lies at the heart of the city centre and still retains some of its old-school charm. The contemporary Samuel Beckett Bridge was designed by Spaniard Santiago Calatrava, who was inspired by both the flip of a coin and the idea of an Irish harp rotating through the air.
